The 1978 Oak Staff Honors . . .

She has shown her involvement and efforts here at W. H. Adamson by striving to keep it a better place for everyone.

Not only by enthusiastically teaching Spanish, but as sponsor of Pan Am and Sociedad Honoraria Hispanica. For her work with the OAK staff and Senior Day. For her special photographic talents used around the school.

Because she has shown her sincere interest at Adamson for 10 years, we unanimously make our diligently working sponsor . . .

. . . DELIA A. EVERMAN

"Hello" only lasts for a minute,
It's a short, brisk little word.
But say! There's a lot of cheer in it;
It's like the first chirp of a bird
In spring, when the hilltops are
greening,
Right after the cold and the snow.
I think when it comes to real
meaning,
There isn't a word like "hello!"

A MOTHER'S FIRST GOODBYE

We walk together down the hall your hand is clutched in mine.
Ahead, I see the door that has the kindergarten sign,
smile, look down, and squeeze your hand,
Not wanting you to see the touch of sadness in my heart as you look
back at me.
Inside, the teacher welcomes us,
"Hello, I'm Mrs. Flynn."
smile at her "I'm Mrs. Smith, and this young man (lady) is ____"
She reaches down and takes your hand.
"Well, we're glad you're here, Come, look around so you can see some
things we'll do this year."
You glance at me, I nod and say, "Go, ____"
"I'll wait right here."
You go, but keep on looking back to make sure I'm still near.
The bell rings out, I kiss your cheek.
"Bye, I'll be back soon." You seem unsure,
hug you hard. "I'll pick you up at noon."
Outside, the autumn air is still, the sky is clear and blue, I stand and
realize
I've just said MY FIRST GOODBYE TO YOU!
How many more I ask myself. Elementary, Jr. High and High School are
my final goodbye's to you. God, help me always hide my tears.

The 1978 school year ends, and we continue to make our puzzle of life. We add pieces to our puzzle of what we learn, yet we lose pieces of what we wish to forget.

As life goes on we must be able to arrange our puzzle so that the pieces will fit correctly. Parts of Adamson's puzzle will be memories, but now others will come and add pieces and continue . . .

Richard,

You a great friend
